

Waste Disposal Policy

1.Introduction

- We commit to minimising environmental impact through responsible waste management, focusing on reducing, reusing, and recycling.

2. Objectives

- **Reduce Waste:** Minimise waste generation.
- **Reuse Materials:** Extend material lifecycle.
- **Recycle:** Maximise recycling efforts.
- **Compliance:** Adhere to environmental laws and regulations.

3. Waste Reduction

- Optimise resource use and incorporate sustainable design to reduce waste.
- Implement effective inventory management.

4. Reuse Initiatives

- Reuse materials internally and donate usable items to local organisations.

5. Recycling Programs

- Segregate recyclables and partner with certified recycling companies.
- Train employees on recycling procedures.

6. Employee Responsibility

- Promote awareness and encourage participation in waste management initiatives.
- Hold employees accountable for adhering to policies.

7. Conclusion

- We aim to minimize environmental impact through responsible waste management, contributing to a cleaner, healthier planet.
